Interior & Exterior Wood Cladding Selection Guide

Our Wood Cladding Collection is available in a multitude of species, colors, profiles, and finishes for all interior and exterior applications. We offer off-the-shelf, custom, and bespoke solutions. If you can dream it, we can create it. Your imagination is our only limit!

Choose your species

The choice is yours with species to suit your taste, budget, and unique application.

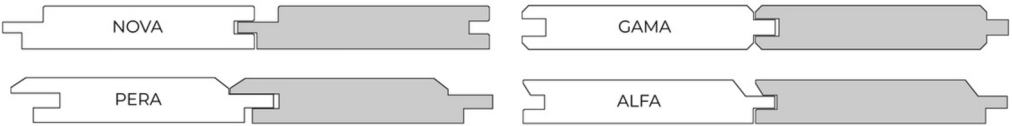

Douglas Fir White Pine Ayous Hemlock Thermowood Ash Western Red Cedar

Choose your Grade

Whether you are looking for that clear clean look, loads of character and knots, or somewhere in between we will help find the grade and grain you are looking for.

Choose your Profile and Size

The choice is yours with species to suit your taste, budget, and unique application. With 4 standard profiles, 9 custom, and bespoke solutions we have the style, width, and lengths you are looking for!

Choose your Texture, Color, & Finish

Resawn, Wirebrushed, or Smooth? Thermowood or Charred? Unfinished, Painted or Stained? We have every option to meet your expectations of color, appearance, and durability. Start working with our team today and we will help turn your visions into reality!

Contact Us Today! Let us help turn your visions into reality!!
